

OASIS@NorthMiamiBeach

ONE OF NORTH MIAMI BEACH'S MOST DESIRABLE KOSHER VACATION RENTAL PROPERTIES

Step through the front door into your “home away from home” - a contemporary open-style private residence. Loaded with all the amenities that you would find in a five-star hotel, but with added benefits such as a fully equipped glatt-kosher kitchen at your disposal, you'll find nothing here lacking. Luxurious in décor and amenities but with that special “warmth” you experience in your own home, one stay here and we know you'll be back.

A stunning granite-and-marble kitchen overlooks the living and dining areas, guaranteeing quality “family time.” Your kitchen comes stocked with dishes, cutlery, pots and pans, for both milchig and fleishig, and lots of pareve items, as well. We have provided you with a crock-pot, hot water urn, electric plata, and all of your other Shabbos needs so you can fill your suitcases with “baited breath” instead of candlesticks and matches.

Can you smell the coffee brewing? Your Keurig machine already has your complimentary coffee pods set out, awaiting your arrival!

If you are joining us for Succos, there is a Succah built and ready to go - all you need are your own decorations! And for Pesach, not only will your kitchen be kashered but we will be happy to provide you with a crock-pot, hot water urn, microwave, and electric plata, too.

The living and dining room areas offer lots of comfortable seating. A grey leather L-shaped couch with two club chairs and a comfy recliner are perfect for Shabbos “shmoozing” and the formal glass dining room table seats up to eight with the tall grey leather chairs. A folding table and extra chairs are standing by in case you invite the neighborhood for kiddush, so no worries! The hi-gloss white buffet, upon which your candlesticks stand, contains lots of seforim and other books - a veritable treasure trove for the bookworm of the family.

Three bedrooms can sleep up to eight guests* comfortably and we can manage a ninth, if need be. The master suite has two full-size beds and its own private access to the pool and patio area, great for those secret midnight swims. It has a large flat-screened television that is wall-mounted so you can enjoy some late-night concerts or sports games. The middle bedroom sleeps up to three and has a mounted television with hundreds of cable channels. The front bedroom, accommodating up to three (or four), is “kid-zoned” with its vast selection of stuffed animals, blocks and toys, reading materials, and games galore. There are two pack-and-plays and a hi-chair for the youngest members of the family.

*If you are coming as a larger group with up to twelve guests, check out OASIS2 for a wonderful add-on option whereby you can bring everyone along – and all be situated under one roof!

The master bathroom offers an oversized jetted-shower system and the guest bathroom has a whirlpool bathtub, ideal for relaxation after a long day of touring around South Florida. Both are decorated in high-end marble and porcelain tiles that are comparable to those found in luxury hotels.

An expansive outdoor patio area, screened-in to keep out those pesky mosquitos, provides you with plenty of relaxation points – a crystal clear heated pool with evening mood lighting, a separate hot tub to soothe those aching muscles, and lounge chairs surrounding both. Plus, there is an additional outdoor seating and dining area with a pass-through to the kitchen, making dining al fresco a pleasure. There are shades that you can keep up or roll down to add to the privacy already provided by the property fence. In addition, there is a yard with additional lounge chairs where you can sit directly under the sun amid a backdrop of beautiful landscaping or enjoy at night with the landscape lighting. With all these options, you can spend your entire vacation outside, enjoying music and hanging out poolside.

Back inside, a laundry room stocked with detergent and softener, as well as an ironing board and iron, is there for your convenience. Plenty of fresh towels and extra pillows are prepared for you in the linen closet.

We provide for our guests shampoo, conditioner, body wash, toothpaste, mouthwash, and a whole host of amenities – you can even leave your toothbrushes behind as we have new ones set aside for you! The WiFi is free and your parking spot is, too.

Just bring yourselves and relax...we make it extremely "heimish" so you won't even want to leave the premises.

A beautiful hotel room in South Florida is just.... a beautiful room, and no more. Having your very own heated pool and hot tub, as well as spacious living and dining areas, provides for a more enjoyable vacation experience whether you are a party of two or “six-times-two.” Luxury hotel pricing begins in the mid- to high-\$500 range, without including the resort fees and taxes. Paying extra for internet and parking adds up, as well – plus you need to wait to have your car brought to you during the busy seasons.

Pricing for OASIS begins at \$549/night for two guests (during peak season). Each rental is also subject to a post-stay cleaning fee beginning at \$375 and a nightly damage waiver of \$20. For stays of considerable length or for bookings during “off-peak” season, we generally offer a discount on the nightly rate. Paying for a hotel room simply does not “add up” when you can avail yourself of a complete home for about the same price, and way less if you need more than one room.

Simply put, it's an incredible way for a couple or a family to take a vacation. Wisely put, it's the ONLY way!

Close your eyes and imagine...you and whomever you choose to bring along...in your very own OASIS
